**Graduation Rate – Student Right-to-Know**

This is the percentage of students entering the institution as full-time, first-time (no prior postsecondary education), degree/certificate-seeking undergraduate students who entered in the Summer and Fall 2003 academic terms, and who completed their program within 150 percent of normal time to completion. Because many of our students have previous college experience, the number of students measured in this rate is relatively small as compared to the total campus population.

This campus began operations in 2007 and therefore was not required to report this data in the 2009 – 2010 IPEDS Data Collection Survey.

**Retention Rate**

This is the percentage of full-time, first-time (no prior postsecondary education) bachelor’s degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. Because many of our students have previous college experience, the number of students measured in this rate is relatively small as compared to the total campus population.

The Retention Rate for this campus is 100%, as reported in the 2009 – 2010 IPEDS Data Collection Survey.

**Student Body Diversity - Pell Grant Recipients**

This is all full-time students who received Pell Grants and is reported by percentage of gender and by percentage of race/ethnicity within each gender classification. Race/ethnicity identification is reported at the option of the student. The data provided below is based upon students enrolled in the Fall 2009 academic term.
