

*Students May Enroll to Take This Program Online or Residentially*

*A student who successfully completes an average of 15 credits per quarter will be able to earn the degree in 7 quarters (21 months).*

The objective of this program is to prepare graduates for entry-level positions in the accounting field by giving students a thorough understanding of standard accounting practices with an emphasis on the skills needed by accounting practitioners: financial accounting, taxation and business consulting. Through general education courses, students gain competency in communications, social sciences, natural science/mathematics and humanities.

The goal of this program is to prepare graduates who are able to:

1. Record business transactions according to Generally Accepted Accounting Principles (GAAP)
2. Prepare and analyze financial statements
3. Calculate and maintain payroll records
4. Use accounting software to maintain accounting records and prepare financial statements
5. Research, explain, and apply federal tax rules and prepare tax returns
6. Demonstrate appropriate written and verbal communication skills
7. Evaluate the quality of multiple viewpoints, arguments, and evidence and distinguish between fact and opinion
8. Exhibit social responsibility and examine the diverse cultures and value systems of our global community
